

1. Thanks be to God for his ev-er liv-ing word; Thanks be to

God for the mes-sage we have heard. With your grace to help us, we

know we can be strong, To fight our temp-tations, to choose right from wrong.

1. Thanks be to God for his ever living word;
Thanks be to God for the message we have heard.
With your grace to help us, we know we can be strong,
To fight our temptations, to choose right from wrong.
2. Thanks be to God, for his presence here today,
Thanks be to God, our life, our truth, our way.
From shadows of twilight until the break of dawn,
You nourish and strengthen a hope that is born.
3. Thanks be to God, for he lives among us still
This I believe, and I hope I always will.
For life has no purpose, no meaning and no plan.
Unless God is with us, within the heart of man.
4. Thanks be to God, our life and our reward,
Help us reveal to the world that you are Lord,
That others may follow the way that we have trod.
That they may be with us and with you, O God.
