

## HOLD ON

Words by Kay Stringer

it is you — you are the light  
keep it burning, keep it bright,  
hold on.

anguish reigns where there is night,  
when we wander without light.  
here i am then look at me, says  
the Lord.

it is you — you are the light:  
keep it burning, keep it bright,  
hold on.

in shadows deep a light shone,  
gladness comes the night has gone.  
here i am, then look at me, says  
the Lord.

it is you — you are light  
keep it burning, keep it bright,  
hold on.

if it's god you want to see, that  
same god who has sent me,  
here i am then, look at me, says  
the lord.

it is you — you are the light  
keep it burning, keep it bright,  
hold on.

if you're sightless you will see,  
if you turn and look at me  
here i am then, look at me, says  
the lord.

it is you — you are the light  
keep it burning, keep it bright,  
hold on.

spirit powered, you too are light,  
only you can keep it bright  
for its glow man looks to you, says  
the lord.

it is you — you are the light  
keep it burning, keep it bright,  
hold on.
