

HE IS KING

Music by Arnold Strals/
Richard Moore

Words based on Psalm 103

all the people — their days are
like the grass
they bloom like flowers in the
open fields
only the love of god — it will last
last — last.
then the wind blows and they are
gone and no one can tell where they
once stood
only the love of god — it will last
last — last.
he is king
his throne is the heaven, yeah now
he is powerful
all over the earth
age after age he will be just
if you take his word to heart and
let it fulfil
only the love of god — it will last,
last — last.
i want to call him by his name
he's the holy one as true as i live,
only the love of god — it will last,
last — last.
he is king
his throne is the heaven, yeah now
he is powerful
all over the earth.
