

TAKE MY HAND

Words & Music by Ursula Hicks

take my hand walk in the sun
and in your love we'll walk
together as one
wash my sins away in your tears,
and in your mercy drive away all
my fears
let your love carry me on,
i feel your love making me strong,
take my hand listen to me
help me to grow and be what i must be
let your love carry me on,
i feel your love making me strong,
turn me round facing the sun,
and in your love lord, i'll love everyone..
