

THE TEN COMMANDMENTS

Music by Ursula Hicks

i am the lord thy god
put no-one else before me
go tell the people
don't take my name in vain and keep
the sabbath holy
go tell the people
the good lord said love, love is
a beautiful thing
if you got love i'm telling you
that you got everything
give honour to your father and
your mother
thou shalt not kill
take not from your sister or
your brother
speak no ill-will and let me remind you
don't covet your neighbours wife
all that he has in life no! no!
but working an honest day, paying
an honest pay
oh, oh, you will be happy
love, love is a beautiful thing
if you got love i'm telling you
that you got everything
the lord has made it known,
written on tablets of stone
go tell the people that mooses
learnt the wrongs and rights
for forty days and forty nights,
go tell the people
the good lord said, love, love is a
beautiful thing
if you got love, i'm telling you
that you got everything
sleep not in adultery man and dance
not to the devil's can can.
the lord said, love is a beautiful
thing and if you've got this love
you've got everything, love, love,
love you've gotta have love.
